Creating Orders: Adding an Offer

1. When you open the Order Builder you will see any current offers listed down the right handside of the page.

You can also view all the offers on the 'OFFERS' page in the main navigation.

2. To add an offer simply click on the offer you want to add and you will be taken to the next page where you can configure how you want to order the offer.

The screenshot shows the Healthxchange e-pharmacy interface. The main navigation bar includes 'ORDERS', 'OFFERS', 'PATIENTS', 'ACCOUNT', and 'CONTACT'. The 'OFFERS' link is highlighted with a red arrow. The main content area shows a 'PRESCRIPTION / POM STOCK' page with a 'PRESCRIPTION LIST' and 'MY FREQUENTLY ORDERED PRODUCTS' section. The 'OFFERS' sidebar on the right displays two 'Mix & Match Full Range' offers for Juvéderm products. A red arrow points from the 'OFFERS' sidebar to the 'OFFERS' link in the navigation bar. At the bottom, there are two green buttons: 'ADD PATIENT TO PRESCRIPTION ORDER' and 'ADD ITEMS AS STOCK TO A PRESCRIPTION ORDER'.

Creating Orders: Adding an Offer

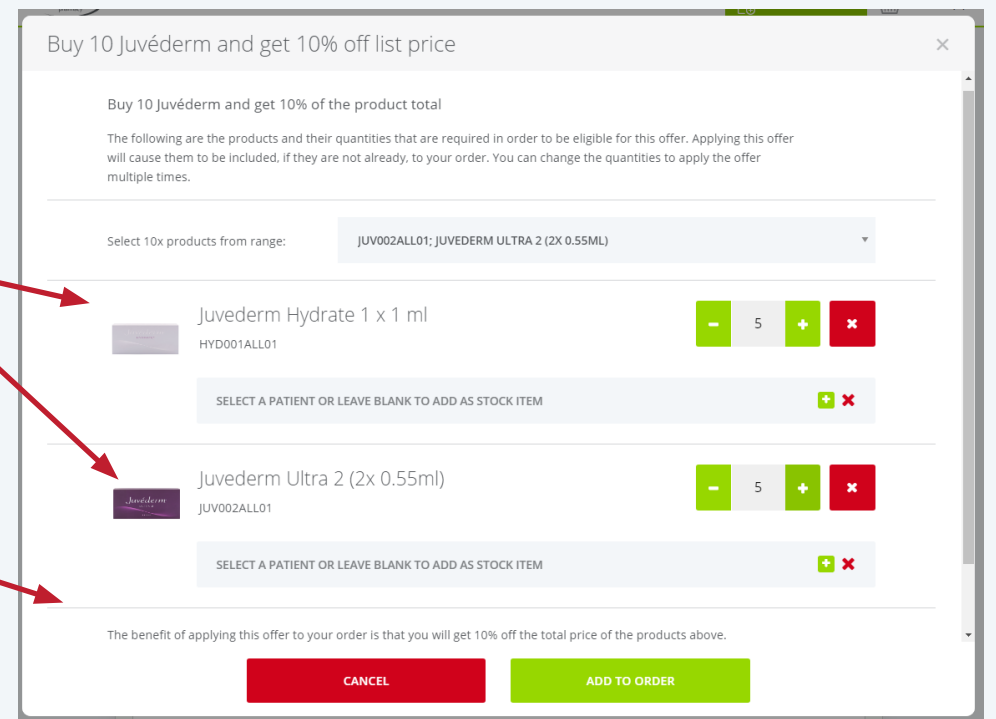

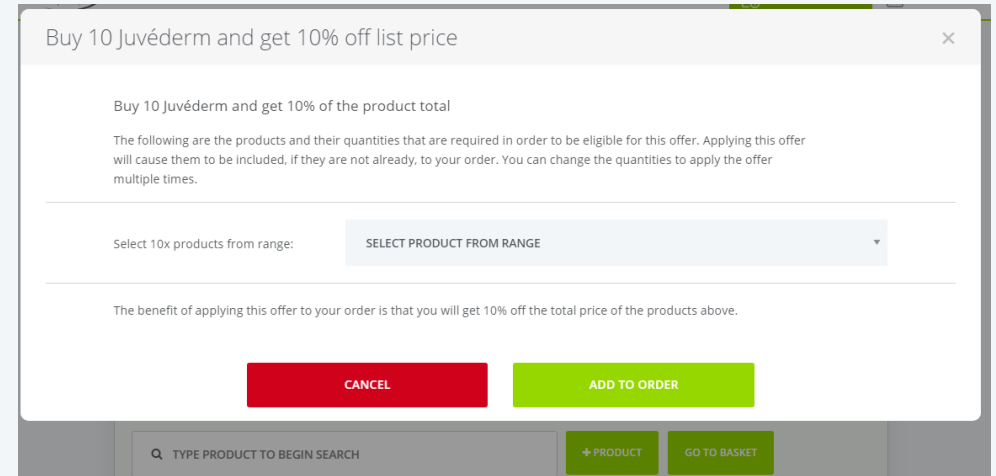

3. Once you click on an offer you will see this screen.

This offer is Buy 10 get 10% off.

The first thing to do is choose the products you want and the quantities of each item you require.

In this example 5 units of Juvederm Hydrate and 5 units of Juvederm Ultra have been added to the offer builder.

At the bottom of the offer builder there is confirmation that you have qualified for the offer.

Creating Orders: Adding an Offer

4. You can choose to add offer items to a patient or to add them as stock to an order.

To add an offer item to an existing patient simply start typing the patient name into the 'Search patient name' field.

If you want to add a new patient click on the + icon at the end of the field

If you want to add the item as a stock item to your order just leave the patient name field blank.

Once you have completed building your offer click 'Add to Order'
